ENGINEERING YOUR GROWTH

**Creating new opportunities
in Green Energy Space.**

Rotationally Moulded Polymer Liner for Type IV CNG & Hydrogen Composite Cylinder Liner.

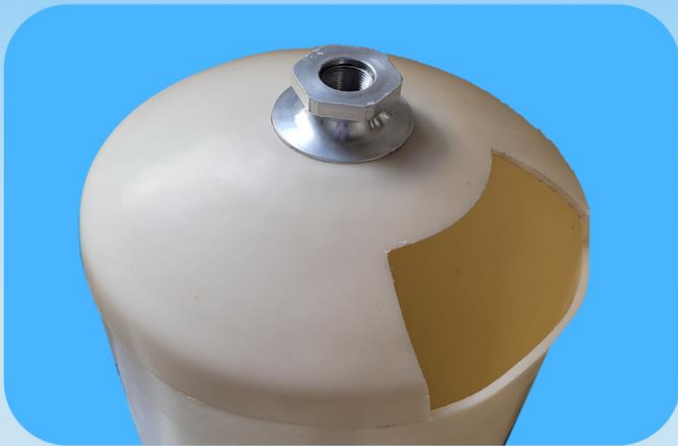

- * 100% leakproof.
- * High resistance to damage, shocks, and corrosion.
- * Low weight, does not corrode.
- * Uniform thickness.
- * Excellent permeability.
- * 2 liter to 300 liter capacity.

Reliable Rotomoulded Pressure tank liners for composite cylinders.

Rotomoulded Polymer Liner are reliable, lightweight and durable polyethylene tanks. It's a perfect solution for the CNG & Hydrogen energy industry.

We at Vinodrai Engineers are developing state of the art rotational moulding machines and moulds for manufacturing these Liners. We also supply custom moulded liners.
